

## Wendy's Words of Wisdom

This will be my last newsletter message to you as "my" congregation. In the sense of St-Exupery's Little Prince and the Fox, we have tamed each other.

It has been a blessing in my life to be able to be part of this congregation from its early days until now. I have also very much enjoyed the opportunity to meet and get to know each of you individually. It's what I like best about this so-called work. I have seen a few people out: Enid and Warren D., Reg P., Margaret and Gary N., Karsten I. to name some. I have, with you, let go of some members who have moved away: among them Jan G., Janet and Kim D., Michelle, Rosemary, and some who have grown up and flown: Annelise, Fraser, Heather ...

I have helped welcome new folks into the community – always a pleasure. You know who you are, and new becomes not-so-new after a while, but we are still here together.

Parting is difficult.

The agreement we ministers have among ourselves is that when we leave a congregation, even though we are in love with them, we will make ourselves scarce for a period of a couple of years. This gives time for the congregation to adjust to a new normal, i.e. one without me in it. And it means that a new minister will have room to move in, get settled, and not feel as if he or she has to match up to some out-of-date picture of who the minister has to be (i.e. either just like the old one, or the complete

opposite of the old one).

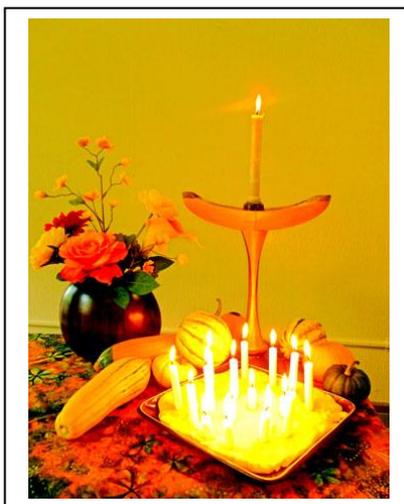

So, after I'm gone, after December, I will not be on your Facebook site any more; I will not be exchanging Christmas cards with you; and I will not be phoning you up asking for a billet. It isn't because I don't like you; quite the opposite. It is because I DO like you, and I want you to thrive in your New Normal situation, without my interference.

This will be made easier by the fact that I don't live in Kamloops, and will not even be living in the Interior of BC any more. We won't bump into one another in Safeway. If we do meet by chance, at a UU event or on a ferry or somewhere, it will be pleasant and friendly, we will share news, and then part.

Know that it has been an honour for me to be part of the UU Fellowship of Kamloops as your minister.

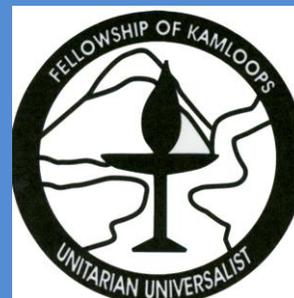

Shalom, Wendy

## NOVEMBER

(November theme - "The Practice of Forgiveness")

November 3 - "Living Light" – Rev. Katie Stein Sather. If you travel light, you limit your baggage to carry on, leaving behind all the extra stuff. Learning to forgive is a bit like that – living light. Atonement is the way we can leave out the heavy stuff.

November 10 – Contemplative Meditation with Janet K. and Jennifer B.

November 17 - "Perfectly Human" - Rev. Wendy McNiven - The theme of the month is "Practising Forgiveness". Even though we know humans aren't perfect, still, we seem to expect ourselves not to make mistakes. Being "right" isn't all it's cracked up to be. Let's look at the practice of forgiving ourselves and each other, because it's good for us. Soup Lunch to follow service.

November 24 – Using the format of the Chalice Circle and November's theme of "forgiveness" there will be a presentation of a film highlighting this month's theme of forgiveness, followed by discussion. 10am to 12:30 pm at the Valleyview Hall. Pat McN. will facilitate. Coffee and refreshments will be available.

IMPORTANT NOTICE - Coffee & refreshments will only be provided on Service Sundays. Please bring your own to Meditation and Chalice Circle.

SET-UP team for November: BUZZARDS : Led by Heather A; Dennis, Janet, Kay, Bob, Heather G, Madisun.

## DECEMBER

(December theme is "The Practice of Loving")

SET-UP team for December: CANARIES : Led by Gerda; Roland, Anne, Joan, Jim, Gisela, Colene. ++(If you are going to be away in your designated month, please make it YOUR responsibility to make the arrangements for someone to replace you.)++

## DECEMBER

December 1 - Choir service – "Standing on the Side of Love". Probably the word "love" most often evokes thoughts of "romance". Yet love is most often mentioned in the context of worship and of our religious community. So what really is love? The choir will explore this theme. Come and sing with us.

December 8 - Contemplative Meditation, with Janet K. & Jennifer B.

December 15 – "Courageous Love" – Rev. Wendy McNiven – December is the season of love. The choir has offered you their musical expression of love. This will be my final opportunity to express my love for you as a congregation. I will offer every piece of wisdom I can think of, to make up for all the future Sundays when I won't be there. Or else, maybe I will simply do a riff on Rabbi Hillel's short version of the scriptures: "That which is hateful to you, do not unto another: This is the whole Torah. The rest is commentary." Farewell celebration for Wendy with catered lunch to follow.

December 21 – Winter Solstice Celebration led by Jim G., starting at 4:00 PM. We are hoping to eventually establish a community wide Solstice Celebration. The first part will be held in the adjacent park and the second half within the cozy quarters of the Valleyview Hall. This will be a full service with entertaining and informative elements from numerous spiritual traditions – all intended to help us be more aware of the rhythms of life and our interdependence with all living things. Bring along one or more family members and friends, dress warmly and be prepared to sing, dance, light candles, hear stories and participate in a centuries old ritual and celebration.

December 24 – There will be NO Christmas Eve service this year.

December 29 - Fire Ceremony, led by Anne N. & Heather A. Join us to say farewell to the old year and welcome the new year.

## Imagine a town with no mine.

Presented by: Mel Rothenburger  
Date: Sunday November 24, 2013  
Time: 2:00 pm

Place: Thompson Rivers University Alumni  
"Clocktower" Theatre in Kamloops.

In the 120 years since it became a city, Kamloops has progressively defined its sense of place and self. It's a vision still in the making, but the community has a clearer sense of its direction than ever before. How will the Ajax mine change that? Mel Rothenburger's involvement in media, civic politics and numerous community projects has framed his personal perspective on the city's future. His presentation will challenge the audience to imagine a town with no mine, and compare that vision to a town with one.

*Mel Rothenburger is a journalist/commentator, former Kamloops Daily News editor, and past two-term mayor of Kamloops. He has served on many community boards and committees. As mayor, he led the Tournament Capital facilities project, among many other civic initiatives. He currently writes for The Kamloops Daily News and CBC Radio.* Event is free.

## From the Worship Committee

As we look towards a future without Rev Wendy as our part-time minister, we face the challenge of continuing professional leadership in our Worship program. The Board has directed us to invite guest UU ministers, and some are already booked for 2014. As well, we will be seeking speakers from the Kamloops area in addition to those from our own UU congregation. The Kelowna church is also losing their minister, and it is hoped that members of both groups will be willing to travel to each other's community to present Sunday services. We will continue to offer worship services on the 1<sup>st</sup> and 3<sup>rd</sup> Sundays, with meditation on the 2<sup>nd</sup> and Chalice Circle discussion on the 4<sup>th</sup>. Monthly soup lunches will continue, for the time being, on the 3<sup>rd</sup> Sunday.

## Power Smart Pat

This fall I received a gift issue of British Columbia Magazine from Team Power Smart - a BC Hydro group dedicated to energy conservation. In the center of the magazine was a special magazine for Power Smart members. One section immediately caught my attention, because there was a photo of Pat! The article "Changing Habits One Step at a Time", featured three Team Power Smart members and their success stories in reducing electricity consumption.

Pat drew her original inspiration from our fellowship's 2011 energy conservation challenge, "Power Up to Power Down". Since then she has reduced her energy consumption by an astonishing 50% ! At a recent women's lunch, Pat described some of her actions, among them raising the temperature in her fridge and freezer (she now enjoys scooping ice cream easily rather than having to chip it out of the container), turning the air conditioner off when she is away from home, and purchasing an energy-efficient washer and dryer. Hats off to Pat -- an inspiration to us all!

## Northern Lights

Northern Lights is a joint initiative between the UU Ministers of Canada (UUMOC) and the CUC. Some of our members and friends are Northern Lights donors. Through direct donations from individual UUs, Northern Lights provides funding to congregations for growth projects.

The funding from this initiative is intended for large (several thousand dollars) projects undertaken by Canadian UU congregations. To be eligible to apply for funding, say towards a new building, or a project of some kind, a congregation must have at least 20% of its members enrolled as donors. For us, that means at least 6 or 7 people. But we can probably do better than that. The call to give comes only two times a year, *at the most*. (You choose the amount. I am pledged for \$50 per call.)

To sign up as a Chalice Lighter donor or to apply for funding, please go to the **Northern Lights** page on the CUC website, or email [northernlights@cuc.ca](mailto:northernlights@cuc.ca) for more information.

## Letter-writing Workshop November 17

As many of you may be aware, Climatefast has recently wrapped up a fast and vigil on Parliament Hill. Their motto is "We are hungry for climate leadership!" The Climatefast movement, endorsed by CUSJ, 350.org's Bill McKibbin, David Suzuki and several MPs, calls for

- An end for fossil fuel subsidies
- Putting a price on carbon
- Support for the development of a renewable energy plan for Canada

Your Social and Environmental Action committee (UU-SEA) agrees with the above goals, and would like to support the Climatefast letter-writing campaign. The more letters our MPs receive on this subject, the more aware they become that their constituents are counting on them to show leadership on these crucial issues.

To make it easy for our fellowship members to write letters, the SEA committee is planning a letter-writing workshop after the service on November 17. We will have all necessary materials on hand, including pens, paper, envelopes, and some ideas for things you might like to include in your letters. This is a soup lunch day, so we hope that as you're enjoying a bowl of soup and some good company, you'll take the opportunity to write a brief letter or two.

As stated on the Climatefast.ca website: "Our action is a peaceful and hopeful one. We aim to inspire people and decision makers in Canada to find the courage and wisdom to press for, and put into action, the urgent measures needed to assure a safe climate."

# Recipes for Egg Substitute & Meatless Mondays

Heather's recipe for a scrambled eggs substitute.

## Scrambled Tofu

### CHEDDAR-CRUSTED PEROGIES AND VEGGIES serves 4

½ kg (1 lb) store-bought frozen perogies, potato and onion or potato and cheddar

1 Tbsp oil

2 cloves garlic, chopped

½ red onion, finely sliced

120 g mushrooms, sliced

½ red Bell pepper, diced

one box (120 g) baby spinach, rinsed

salt and pepper

Cook perogies in salted boiling water according to instructions on package. Meanwhile, in a large fry pan, heat the oil and cook garlic and onion until translucent. Add mushrooms and bell pepper and cook for a few minutes more. Add spinach, salt and pepper, cook until wilted, and transfer to an oven safe dish. In the same frying pan add some more oil and brown the cooked and drained perogies. Add cream, broth and chives. Bring to a boil and transfer to the oven safe dish. Stir to mix perogies and vegetables. Sprinkle with cheese, and heat in oven at 350° until cheese is melted, and everything is hot.

## MEMBERSHIP

Here at UUFK there are different categories of people who come to church. There are Members, who are allowed to vote and who have signed the membership and made a financial pledge of record for each year and there are what I call Friends, who attend just about as often as everybody else (i.e. there is a wide variety of practices), who consider themselves to be part of the community, but who do not wish to be Members.

Membership is as much an emotional/spiritual as a practical thing. It allows a person to vote on matters pertaining to the congregation's business and direction. It means you can be on the board of directors or chair a committee. It means you feel at home here and you want to join the covenant of those who have made a commitment to be part of the community by bringing their hopes and concerns and values, and their energies to it, and to continue their spiritual growth.

**If any of you is thinking of becoming a Member of UUFK, please speak to Rev. Wendy, or to president Dennis, or to Joan (of the membership committee).** It usually involves a conversation to make sure you know what you are signing up for. There is occasionally an orientation to UUism day or half-day offered. And there is a short but pithy membership ceremony which is incorporated into a Sunday service.

**Proposed Resolution for Extraordinary  
General Meeting, December 1, 2013**

*Be it resolved that the Unitarian Universalist Fellowship of Kamloops support the Union of BC Municipalities' Resolution B80, "Modernize the Mineral Tenure Act", by writing letters to our MLAs, Todd Stone, Terry Lake, and Jackie Tegart, and to Hon. Coralee Oakes, Minister of Community, Sport, and Cultural Development, and Hon. Bill Bennett, Minister of Energy and Mines, asking them to support the resolution and send it to the legislature for amendment in the nearest possible future.*

**Supporting comments:**

How many of you are aware that earlier this year a mineral claim was staked within the city? On May 18, Mineral Tenure Claim #1019608 was staked in lower Aberdeen. It is 20.49 ha in size and is approximately centered in the Howe Road playground/dog-walking park at the intersection of Howe Road and Pacific Way. It extends across developed and undeveloped land, with one of the boundaries running beneath Kamloops Seniors' Village. Was the City of Kamloops consulted? Should the City of Kamloops have been consulted? Not according to the present BC Mineral Tenure Act.

The call to review BC's Mineral Tenure Act originally came from Tofino mayor, Josie Osborne, in her compelling letter to the Times Colonist on April 12, 2013. Following her lead, the Union of BC Municipalities voted on September 19 to support a resolution calling on the provincial government to modernize the Mineral Tenure Act.

Here is: *Resolution B80 -*

**MINERAL TENURE ACT MODERNIZATION**

*WHEREAS British Columbia's Mineral Tenure Act has remained substantially unchanged since the 1800's and is not suited to our modern day land base and the demands of legitimate competing interests and values; the present Mineral Tenure Act gives no weight to other economic activities, current or future, in areas affected by mining claims including tourism, forestry and farming.*

*AND WHEREAS local governments and First Nations deserve greater latitude to shape their economic development paths and protect the full*

*range of their residents' interests; a modern Mineral Tenure Act could ensure adequate regional planning would take place, recognizing vital water, agricultural and other resources on which all communities depend;*

*THEREFORE BE IT RESOLVED that the Union of BC Municipalities request that the Province of British Columbia undertake a broad-based public engagement process similar to that being used to amend BC's Water Act and fairly engage First Nations and local governments to determine how best to modernize the Mineral Tenure Act and related legislation in a way that ensures the full range of interests – including social, cultural, ecological and economic – are given fair consideration on BC's land base.*

BC's Mineral Tenure Act was amended in 2005 and in 2012. A close examination of the Act, however, reveals that in spite of these amendments, there is nowhere in the Act which requires prior approval from any local community within a certain radius of a proposed claim, before a mineral claim is registered.

As we are experiencing with the proposed Ajax mine, once a mineral claim holder decides to develop a claim, there is a lengthy environmental assessment process. Yes, the community has input to the environmental assessment. But in the end, it is the BC Environmental Assessment Office which makes a final recommendation to the BC Minister of the Environment who then makes the decision on whether the project goes ahead or not.

Three other provinces, Ontario, Québec, and Alberta, have amended their mineral tenure/mining acts or are in the process of doing so. Bill 43 is the current effort in Quebec to see changes made to their Mining Act. The following amendment shows the kind of change that is needed in B.C.: "The bill amends the Act respecting land use planning and development to allow regional county municipalities to delimit any mining incompatible territory or any conditionally mining compatible territory in their land use and development plan"

## Fall Gathering

Penny R., Rev. Wendy McNiven and I attended the fall gathering of U.U.s in North Vancouver on Oct. 11, 12 and 13. There were about 50 registered delegates as well as a large youth group. Most of the attendees were from the Vancouver area but there were quite a few from Vancouver Island. Of the youth group there were some from Washington State as well as a couple from Portland Oregon which is where the next youth conference will be held.

On the Friday evening, there was a social for us to get acquainted. We introduced ourselves and made a few remarks about our local congregation. On Saturday we had two sessions of workshops. I attended the one on ritual. It was very interesting and certainly made me re-think the idea of "Ritual". The presenter, Amanda, was very enthusiastic and she has said she will send up more info. as a follow-up and review of what we learned. Penny and Wendy attended other workshops. After a very nice buffet supper we had some entertainment by various members, the young people present participated as well. It was quite a bit of fun. On Sunday there was a service which we attended and then a closing ceremony to end the fall gathering. It was very nice. That church has a very good choir and they sang several selections. I think their director might have a background in Southern Gospel singing, they really were enthused when the selection needed to be lively. The morning ended with lunch and then some were off to attend the ordination of a new minister. Wendy went to that ceremony, Penny got on the bus and I carried on to my weaving holiday. Rosemary Morrison was there from Victoria. She seems quite involved with her congregation. She said that sometimes she sees Jan Greenwood.

All in all it was a worthwhile experience and no doubt there will be more to talk about later on.

Colene P.

**WRESTLING WITH GOD: A UNITARIAN EXPLORATION FOR SKEPTICS AND BELIEVERS.** Saturday Workshop, 10am to 4pm at the Valleyview Hall. Bring your lunch, coffee & tea will be served. Presenter, Rev. Meg Roberts. Rev. Meg comments about the upcoming workshop:

"Unitarians believe in freedom of religious thought, so that means we have in our congregations people of various theological views: forms of theism, agnosticism, and atheism. We explore what some of them are, as well as how they challenge and benefit our movement. This workshop encourages you to explore your own beliefs and hear from others about theirs, which helps promotes understanding within a congregation."

# World Right to Die Day

## Re: World Right to Die Day Saturday, November 2, 2013

The 1<sup>st</sup> Unitarian Church in Victoria B.C. is organizing a Rally in support of the World Right to Die Day, November 2, 2013 on the grounds of the BC legislature Building from 2-3 pm. Recently, we have formed an active subcommittee working under the auspices of the Social Responsibility Committee, called Choices in Dying : Victoria. Our current motto is: "It's my LIFE; It's my Choice". If you are reasonably close and would like to join us in this rally, please consider car pooling and come on over. The more people attending, the more voices heard. You are always welcome here.

Choices in Dying: Victoria is working under the auspices and in consultation and cooperation with the Canadian Unitarian Councils monitoring committee, on Right to Die issues. As Unitarians we have been actively supporting and monitoring Right to Die issues for over twenty years. They have approved the use of our name, which recognizes the churches involvement however we do believe we are an inclusive group and welcome all folks who would wish to participate and work toward the government (both provincial and federal) recognizing the Individual's right to choose the timing of their dying and under what circumstance assistance or withdrawal of treatments should occur.

In early Spring 2013 (March 4) we organized our first Rally on the BC Legislative Grounds in support of the Carter Case which is currently under appeal. At that Rally we had a combination of speakers and several other Right to Die groups joined in this action, including : Raging Grannies, The Farewell Foundation, and Dying with Dignity. We had about 50 people turn out and the media coverage was excellent.

We are requesting that each Unitarian Church or fellowship support, endorse and promote activities in their local area on or around November 2, 2013 which recognizes

the individual's right to choose. Things that you may consider are:

1. article /s in church bulletin
2. links and articles on your website
3. local Rally
4. create a petition and collect as many names, addresses and send both to your local MLA's and federal MP.
5. create a local chapter for Right to Die Issues.
6. Buy a table at a Senior Expo Fair
7. Write an article for a Senior's Living Magazine or other journals focusing on Health issues.
8. If you have a few keen folks wishing to form a chapter or who wish to contact and support us, please encourage them to contact: 250-386-7772.

If you have any questions or concerns regarding this initiative .... Please contact: Bonnie [choicesindyingvictoria@yahoo.ca](mailto:choicesindyingvictoria@yahoo.ca)
